

# Perfect Pool

CLEAR PURE COMFORT

Perfect Pool PP-3  
In-Deck Filtration &  
Ozone Generator + Diffuser

Chlorine Cartridge Kit

## **24 Hour Ozonation & Filtration** Operates on less power than a 40 Watt Light!

Generates 100% effective ozone for pools.

Does not degrade the ozone, regardless of water flow or speed.

The unique circulation of the PP2 and PP3 in-deck modules work independently of pool equipment.

Perfect Pool is the only system that assures the ozone is 100% effective.

Radically different and superior to the way ozone has traditionally been done in pools for the past 30 years.

Perfect Pool is the best choice for Pure, Clear Comfort.

## Ozonation through the pool skimmer

## Perfect Pool PP-1

### Ozone Generator

**PERFECT POOL** is the most Energy Efficient water sanitization system available today.

The **PP-1 Ozone Generator** works through the pool skimmer and the same electrical system as the pump providing an extra layer of water purification to your pool. Ozone kills 99.99% of Bacteria, Viruses and Molds and is the most effective oxidizer in killing the pathogen Cryptosporidium and E-coli. It also reduces harmful chemicals promotes a healthy swimming environment and better water clarity.

**Ozone is safe, effective and reliable.** Ozone is a form of oxygen and it is produced naturally through sunlight and lightning. It is one of nature's most powerful Oxidizers and reacts two thousand times faster than chlorine.

Perfect Pool Ozone Generator + 100ft tube and diffuser

*All Perfect Pool systems come with a One Year Limited Warranty*

## 24 Hour Ozonation

**Operates totally independent of Pool Equipment**

Perfect Pool In-Deck Module

Chlorine Cartridge Kit

Perfect Pool Ozone Generator + 100ft tube and diffuser

*All Perfect Pool systems come with a One Year Limited Warranty*

## Perfect Pool PP-2

### In-Deck Module & Ozone Generator

**PERFECT POOL** is the most Energy Efficient water sanitization system available today. Ozonates and circulates at 10,000 gallons per day!

By utilizing the 3 basic principles of Friction + Head Pressure + Siphoning, PerfectPool **PP2 can ozonate your pool 24/7** for an average cost of only eight dollars per month for an 15,000 gallon pool.

**Reduces chlorine/bromine use up to 75%.**

**Eliminates red, irritated eyes & dry, itchy skin.**

**Eliminates faded swimming attire.**

**Certain chlorine-resistant pathogens cannot multiply in water that is treated with ozone.**

**Improved water clarity**

**Take less energy to heat the pool water**

**Eliminates chlorine/chloramine odors**

**Ozone sanitation has no negative impact on the environment.**

Perfect Pool In-Deck Module with Filter

Chlorine Cartridge Kit

Perfect Pool Ozone Generator + 100ft tube and diffuser

# In-Deck Filtration & Ozone Generator

**Ozone must be produced and supplied continuously for an effective disinfection process.**

That's why Perfect Pool is the **BEST** system on the market today, because it's the **ONLY** system that can efficiently and effectively produce and supply ozone to your pool 24/7 for only pennies a day! No other system on the market can do that.

There are no moving parts in the PP3 In-Deck Ozonation and Filtration Module and only one moving part in the Generator Enclosure so maintenance is a breeze, giving you the freedom to enjoy your new pool, day after day, year after year, making your pool the Perfect Pool!

All Perfect Pool systems come with a One Year Limited Warranty

## HOW IT WORKS

Perfect Pool utilizes the 3 basic principles of **Friction + Head Pressure + Siphoning** to ozonate and filter your pool 24/7 for an average cost of only eight dollars per month for an 15,000 gallon pool.

1

The Ozone Generator pumps O<sub>3</sub> into the In-Deck Module where the pool water is filtered and ozonated killing 99.99% of all bacteria and viruses.

3

Gravity and **pool head pressure** produces a **siphon** for an effective and energy efficient circulation through the In-Deck Module. That means **NO POOL PUMP!** Works completely independent of the pool pump system.

2

The Ozone Diffuser disperses O<sub>3</sub> bubbles and through **friction** lifts the water level in the module and creates **Head Pressure**. This starts downward flow through the filter, returning **pure, clean water** and oxygen into the pool.

## Chlorine Cartridge Kit

Chlorine Cartridge Kit  
(shown assembled)

Cartridge Mount  
(Comes with the PP-1 and PP-2 In-Deck Modules)

Replaceable Cartridge  
Knock-outs (6)

**ALL OZONE SYSTEMS REQUIRE A SANITIZER like Chlorine.**

**Perfect Pool Chlorine Cartridges are fill adjustable and provide approximately one months supply of sanitizer. Easy to install, it 'clicks' into place on the PP-2 and PP-3 In-Deck Modules.**

**Comes in 4-pack Container - enough for approximately 4-months supply.**

**Note: usage varies with water temperature and opening sizes on the Cartridge Kit**

*All Perfect Pool systems come with a One Year Limited Warranty*

Chlorine is one of the most abundant chemical elements on Earth. It is ubiquitous in soils, minerals, plants and animals. Seawater is a huge reservoir of dissolved chlorine weathered from the continents and transported to the oceans by Earth's rivers.

***A major advantage of chlorine is that it provides a residual level that continues to protect long after it is applied.***

Why is chlorine added to swimming pool and spas?

Chlorine kills harmful microorganisms that can cause health-related problems in swimming pools and spas. Chlorine-based swimming pool and spa disinfectants help prevent swimmers' ear, athlete's foot, skin rashes and diarrhea. Legionnaires' Disease and Pontiac Fever can also be prevented with proper chlorination, particularly in the hot tub and spa environment. The U.S. Centers for Disease Control and Prevention (CDC) calls chlorine and proper pH, "the first defense against germs that can make swimmers sick." ***A major advantage is that chlorine provides a residual level that continues to protect long after it is applied..***

### ORDERING

**PP-CCK** Perfect Pool Replaceable Chlorine Cartridge Kit - QTY: 4 - Approximately a 4 month supply

## Perfect Pool System Comparison

	PP-1	PP-2	PP-3
Works with pool skimmer	Yes	No	No
75% reduction in chemical cost	Yes	Yes	Yes
Helps balance your pH of your pool	Yes	Yes	Yes
Can be winterized for snow-belt locations	Yes	Yes	Yes
Helps maintain the total alkalinity levels	Yes	Yes	Yes
One moving part - no long term maintenance	Yes	Yes	Yes
Eliminates sun tan & body oil build up on tile lines	Yes	Yes	Yes
Helps precipitate heavy metals in your water	Yes	Yes	Yes
Operates for less than \$8.00 per month or 27 cents per day	Yes	Yes	Yes
Perfectly matches even the most elaborate decking material	No	Yes	Yes
Perfect Pool Chlorine Cartridge	No	Yes	Yes
Perfect Pool Chlorine/Salt System	No	Yes	Yes
24 Hour Ozonation	No	Yes	Yes
24 Hour Filtration	No	No	Yes
70% reduction in energy cost in operating your main pool filter pump	No	No	Yes
Uses 40 sq. ft. cartridge filter for maximum filtration	No	No	Yes
Creates backup to standard filtration systems	No	No	Yes
Smaller main filters can be used - less initial cost	No	No	Yes
Smaller main filtration pumps can be installed means yearly savings	No	No	Yes

### PP-1

Perfect Pool Ozone Generator + 100ft tube and diffuser

### PP-2

Perfect Pool In-Deck Module

Perfect Pool Ozone Generator + 100ft tube and diffuser

### PP-3

Perfect Pool In-Deck Module with filter

Perfect Pool Ozone Generator + 100ft tube and diffuser

**Compatible with Gunite, Fiberglass and Vinyl pools - Will not harm pool covers!**
